RISAFF Firefighters Separation from service support group

(Whether it was a Traditional Retirement or Forced Disability)

STARTING MAY 7, 2018

All firefighters, regardless of rank or position, have one thing in common, we will retire some day. Yet, in contrast with the intensive and extensive training firefighters receive in our careers, often there is no training or preplanning for life after the fire service. Separation from service can have an extreme effect on our members. Those effects may be even more prominent when our members are forced to retire due to a disability.

The **RISAFF Members' Assistance Program** has partnered with Clinical Services of RI to provide a ***CONFIDENTIAL*** resource for those members who have separated from service and have found it difficult to move forward in their lives. CSRI has offered ***3 Locations*** for our members ***weekly***, and ***3 days during the week***, ***starting May 7, 2018.***

Schedule:

Mondays 1-2 pm: **Greenville**
600 Putnam Pike Suite 7,
Tuesdays 1-2 pm: **Portsmouth**
11 King Charles Dr.
Thursdays 1-2 pm: **South Kingstown**
49 South County Commons Way Unit F6

Tara Rondeau holds a Masters of Science Degree in Mental Health Counseling, and has been working with our Firefighters in the past. CSRI is proud to have Tara as their lead clinician serving First Responders. She will facilitate all of these Firefighter Support Groups.

Please ask for TARA at 401-783-2220 for more information or SCOTT ROBINSON at scott.Robinson.MAP@RISAFF.org for questions
